

I'm a
Blackbird

Scientific Name
'Turdus merula'

Spot me

I love to eat

1 2 3
Count

Black feathers

Orange bill

Orange feet

Insects

Earthworms

Berries

Fruits

Count how many times
you've seen me in a
week

FUN FACT! The oldest ringed blackbird recovered was over 20 years old!

I'm a
Sparrow

Scientific Name
'passer domesticus'

Spot me

I love to eat

1 2 3
Count

Dark eye band

Brown feathers

Light cap

Insects

Plant food

Corn

Sunflower Seeds

Count how many times
you've seen me in a
week

FUN FACT! We are very noisy birds, with a distinctive short repetitive chirp sound

I'm a
Robin

Scientific Name
'Erithacus rubecula'

Spot me

I love to eat

1 2 3
Count

Red tummy

Red face

Light brown feathers

Worms

Insects

Seeds

Fruit

Mealworms

Count how many times
you've seen me in a
week

FUN FACT! If you start digging in your garden, we will likely come and watch to see what insects you dig up!

I'm a
Blue Tit

Scientific Name
'Cyanistes Caeruleus'

Spot me

I love to eat

1 2 3
Count

Dark eye band

Blue cap

Yellow / green front

Mixed bird seed

Unsalted peanut granules

Suet balls

Suet pellets

Count how many times you've seen me in a week

FUN FACT!

Blue tit numbers have been increasing in the UK in recent years, possibly helped by the provision of nest boxes and supplementary feeding.

I'm a
Great Tit

Scientific Name
'Parus major'

Spot me

I love to eat

1 2 3
Count

Green / Blue & Black feathers

White cheeks

Dark tummy stripe

Insects

Sunflower Seeds

Mixed Bird Seed

Count how many times you've seen me in a week

FUN FACT!

Great tits invariably nest in holes, but here they can be remarkably inventive, often using manmade sites such as post boxes!

I'm a
Starling

Scientific Name
'Sturnus vulgaris'

Spot me

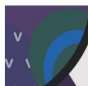

I love to eat

1 2 3
Count

Bright bill

Shiny feathers

Speckled marks

Seeds

Insects

Plants

Fruits

Count how many times you've seen me in a week

FUN FACT!

During winter, flocks gather in the evening and perform amazing aerobatic displays called murmurations. A magnificent sight if you're lucky enough to see one!

I'm a
Magpie

Scientific Name
'pica pica'

Spot me

I love to eat

1 2 3
Count

Black feathers

White tummy

Colourful wing & tail feathers

Fruits

Berries

Grains

Household Scraps

Count how many times you've seen me in a week

FUN FACT! Though most nests are built in trees, where there are no suitable trees they will build on the ground.

I'm a
Wood Pigeon

Scientific Name
'Columba palumbus'

Spot me

I love to eat

1 2 3
Count

Blue / pink head

White collar

Grey feathers

Seeds

Grains

Crops

Anything from the bird table!

Water

Count how many times you've seen me in a week

FUN FACT! Though wood pigeon is the most commonly used name, this bird is also known as the woody, cushat, cushy-do, quist, ringdow and ring dove.

I'm a
Collared Dove

Scientific Name
'Streptopelia decaocto'

Spot me

I love to eat

1 2 3
Count

Pinkish head

Dark collar

Grey feathers

Seed

Cereal Grain

Some Fruit

Some Invertebrates

Count how many times you've seen me in a week

FUN FACT! This bird is the seventh most frequently seen species in British gardens and the population has reached 230,000 pairs

I'm a
Jackdaw

Scientific Name
'Corvus monedula'

Spot me

I love to eat

1 2 3
Count

Bright eye ring

Grey nape

Jet black cap & wing feathers

Seeds

Fruit

Invertebrates

Sunflower Hearts

Count how many times you've seen me in a week

FUN FACT! Jackdaws are highly intelligent & have been found to recognise different faces!

I'm a
Jay

Scientific Name
'Garrulus glandarius'

Spot me

I love to eat

1 2 3
Count

Tan / pink feathers

Speckled head

Bright colourful wing feathers

Acorns

Beetles / Caterpillars

Nuts

Seeds

Insects

Count how many times you've seen me in a week

FUN FACT! Jays are the most colourful of the crow family. They are also shy so you're very lucky if you spot one!

I'm a
Green Woodpecker

Scientific Name
'Picus viridis'

Spot me

I love to eat

1 2 3
Count

Red cap

Green / grey & black feathers

Red moustache

Ants

Other invertebrates

Pine seeds

Fruit

Count how many times you've seen me in a week

FUN FACT! It's rare for a green woodpecker to visit a feeder or bird table, but a mown lawn will attract them!

I'm a Pied Wagtail

Scientific Name
'Motacilla'

Spot me

I love to eat

1 2 3
Count

-  Black cap
-  Streaky feathers
-  Long wagging tail

-  Insects
-  Finely grated cheese
-  Dried Mealworms

Blue STAR

Count how many times you've seen me in a week

FUN FACT! Though almost exclusively insectivorous, some wagtails show a liking for cake crumbs!

I'm a Greenfinch

Scientific Name
'Chloris chloris'

Spot me

I love to eat

1 2 3
Count

-  Green feathers
-  Dark wing bar
-  Bright yellow wing flash

-  Seeds
-  Buds
-  Berries
-  Unsalted Peanut Granules
-  Sunflower Seeds

Green STAR

Count how many times you've seen me in a week

FUN FACT! Few birds show as much enthusiasm for feeders as this finch, and peanuts, sunflowers and other seeds readily attract it.

I'm a Chaffinch

Scientific Name
'Fringilla coelebs'

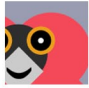

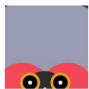

Spot me

I love to eat

1 2 3
Count

-  Red cheeks
-  Bluey Grey cap
-  Red tummy

-  Seeds
-  Household Scraps
-  Unsalted Peanut Granules
-  Sunflower Hearts
-  Invertebrates

Purple STAR

Count how many times you've seen me in a week

FUN FACT! The one essential for chaffinches to thrive in gardens is plenty of trees, while oaks are their favourites!

I'm a
Bullfinch

Scientific Name
'*Pyrrhula pyrrhula*'

Spot me

I love to eat

1 2 3
Count

Black cap

Red cheeks

Red tummy

Insects

Berries

Seeds

Suet Ball

Mixed Bird Seed

Count how many times
you've seen me in a
week

FUN FACT! The bullfinch is one of our shyest garden birds, so it would be extra special if you spot one!

I'm a
Goldfinch

Scientific Name
'*Carduelis carduelis*'

Spot me

I love to eat

1 2 3
Count

Red face

White patch by the eyes

Yellow wing patch

Seeds

Dandelions

Thistles / Teasels

Njyer Seeds

Count how many times
you've seen me in a
week

FUN FACT! Goldfinches have been called many things in the past including goldie, gold linnet, redcap and King Harry.

I'm a
Yellowhammer

Scientific Name
'*Emberiza citrinella*'

Spot me

I love to eat

1 2 3
Count

Bright Yellow Feathers

Dark markings near eyes

Brown / Yellow streaked back

Seeds

Grain

Some Small Fruits

Insects

Mixed Bird Seed

Count how many times
you've seen me in a
week

FUN FACT! The yellowhammer's tune is believed to sound like someone saying "A little bit of bread and no cheese"

I'm a

House Martin

Scientific Name
'Delichon urbicum'

Spot me

I love to eat

1 2 3
Count

Glossy Blue cap

Black eye band

White tummy

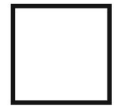

Insects

Flies

Aphids

Count how many times
you've seen me in a
week

FUN FACT!

House Martins feed while flying so they are unlikely to visit your garden unless they want to rest.

I'm a

Seagull

Scientific Name
'Larus canus'

Spot me

I love to eat

1 2 3
Count

Large bill

Light feathers

Grey / White tail
feathers

Insects

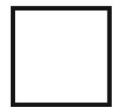

Seeds

Fruit

Waste food

Count how many times
you've seen me in a
week

FUN FACT!

Seagulls are very clever and can trick earthworms to come to the surface by stamping their feet pretending to be rain!

I'm a

Barn Owl

Scientific Name
'Tyto alba'

Spot me

I love to eat

1 2 3
Count

Brown face trim

Speckled tummy

Speckled wings

Rats

Mice

Voles

Bats

Count how many times
you've seen me in a
week

FUN FACT!

Barn Owls usually hunt at night – even in total darkness they can find the smallest vole using their super-sensitive hearing.

I'm a
Coal Tit

Scientific Name
'Periparus ater'

Spot me

I love to eat

1 2 3
Count

 Black cap
 White eye band
 Off-white tummy

 Insects
 Spiders
 Seeds
 Sunflower Hearts

Green STAR

Count how many times you've seen me in a week

FUN FACT! The collective term for a group of Coal Tits is known as a 'Banditry'.

I'm a
Cuckoo

Scientific Name
'Cuculus canorus'

Spot me

I love to eat

1 2 3
Count

 Bright yellow eyes
 Grey feathers
 Stripy tummy

 Insects
 Caterpillars
(hairier the better!)

Green STAR

Count how many times you've seen me in a week

FUN FACT! The cuckoo spends nine months of the year in tropical Africa, where it has never been heard to sing.

I'm a
Goldcrest

Scientific Name
'Regulus regulus'

Spot me

I love to eat

1 2 3
Count

 Yellow flash
 Green / Yellow feathers
 Colourful wings

 Insects
 Spiders
 Invertebrates
 Flies

Green STAR

Count how many times you've seen me in a week

FUN FACT! The Goldcrest is Britains smallest bird weighing an average of just 5-6 grams

I'm a
Hawfinch

Scientific Name
'Coccothraustes coccothraustes'

Spot me

I love to eat

1 2 3
Count

Dark eye surround

Large bill

Orange / pink feathers

Seeds

Fruit Kernels

Fruit

Invertebrates

Count how many times you've seen me in a week

FUN FACT! Hawfinches have a large powerful bill, perfect for getting in to hard fruit kernels

I'm a
Nuthatch

Scientific Name
'Sitta europaea'

Spot me

I love to eat

1 2 3
Count

Dark eye band

Blue / Grey back

Orangey tummy

Insects

Sunflower Seeds

Suet

Mealworms

Count how many times you've seen me in a week

FUN FACT! Nuthatches are usually happy where they are and rarely move far from where they were hatched

I'm a
Wren

Scientific Name
'Troglodytes troglodytes'

Spot me

I love to eat

1 2 3
Count

Dark streaks

Short tail

Lighter tummy

Insects

Berries

Suet

Peanut Butter

Count how many times you've seen me in a week

FUN FACT! Although very small, the Wren has the loudest song of any British bird!
